5. THE THROW

- (a) All darts must be deliberately thrown by, and from the player's hand. To be deemed as thrown, some physical force must propel the dart forward, not merely dropped.
- (b) A throw shall consist of three darts unless a leg, set or match is finished in less than three darts, or a score greater than or one less than the score remaining is thrown in less than three darts.
- (c) (i) If a player throws out of turn it shall be called a NO SHOT. i.e. If 'C' throws before 'B' it is called a no shot, 'B' then throws, the opposition throws, 'C' misses his turn, then the opposition throws.
(ii) If player 'C' throws before his opposite number, it is called a NO SHOT. The opposition then throws, 'C' misses his turn, the next opposition member throws then player 'D' throws.
- (d) Any dart that is thrown towards, bounces off or falls out of the dartboard shall not be re-thrown.
- (e) Darts that are accidentally dropped in front of the oche may be retrieved and then thrown as part of that throw of three darts.
- (f) During a game or match a player whilst at the oche, will not throw a dart until his opponent is behind the oche.
Penalty - loss of shot.
- (g) A player must remain at least 1 meter behind the oche, a warning will be issued at the first encroachment - second offence shall incur a loss of their next shot.
- (h) If a player "touches" any dart which is in the dartboard during a throw, the throw shall be deemed to have been complete.

6. PLAYING ATTIRE

- (a) All playing attire shall conform to the good image of the sport. The minimum standard shall be collared shirt with sleeves, slacks, dress jeans, tailored shorts and covered footwear.
- (b) Where medical conditions necessitate the wearing of attire that does not conform to the above rule, specific permission must be obtained from the Executive Committee or its nominated organizer/s prior to playing.
- (c) No headgear shall be worn unless permission is sought and granted by the Executive Committee prior to playing.

7. STARTING AND FINISHING GAMES

- (a) In all darts events each leg shall be played with a straight start and the finish shall be on a double.
- (b) The 'bull' shall count as 50 and if 50 is required to complete any game the 'bull' shall count as double 25.
- (c) The first player (or team) to reduce the score required to zero by obtaining the required double is the winner of that game.
- (d) Any dart thrown by a player after scoring the required double shall not count as the dart scoring the required double concludes the game.

8. SCORING

- (a) A dart shall only score if the point remains in or touches the face of the dartboard within the outer double wire and having been 'called'. In the event of a dart falling out of the dartboard after it has been 'called', it shall still count as a score.
- (b) The score is counted from the side of the segment wire in which the point of the dart enters and remains in or touches the face of the board.
- (c) Darts shall be retrieved by the thrower but only after the score has been 'called'. Retrieval of darts thrown before it has been called a score may result in 'no score' being 'called'. If the score thrown finishes the game, it shall be called 'game shot' or peg.
- (d) The 'bust' rule shall apply i.e. if a player scores more than, or one less than the score required, the score thrown will not count and the score required shall be the same score as required prior to the commencement of that throw.
- (e) Upon completion of each throw the score thrown shall be announced in a clearly audible manner and the Scorer is to mark the scoreboard in accordance with the following: The result of each player's throw must be clearly shown on the scoreboard giving the score thrown and balance required to finish the game.
- (f) The Recorder and the players should check all scores and subtractions made on the scoreboard after each throw.

They shall have full view of the game, the playing area and the Scorer's scoreboard. A 'bust' or a no score is counted as one completed shot but no score is counted for the purpose of determining the players' average.
- (h) All requests to check the score recorded and subtractions made must be directed to the 'Scorer' and be made before the player (or teams) next throw. After this time, scores may not be altered.

- (I) If the player scored the advised number and the final dart thrown scores the double required to complete the advised score, the throw shall be called 'game shot'.
- (II) If the player scores less than the advised number, the actual value scored during that throw will be deducted from the actual score remaining (I.e. if the player is advised 60 but in reality needs 58 and he scores 20 only, the
- (III) If the player scores more than the advised number and also more than the actual remaining score the result is 'bust'.
- (IV) If the player scores more than the advised number but less than the actual remaining score, the true remainder shall apply (I.e. if the player actually needs 62 and is advised 58 but throws 60 the remaining score is 2 not 'bust'.
